

WEST DISTRICT YOUTH ENRICHMENT

STANLEY-WHITMAN

HISTORY DETECTIVES (part 2)

Fleece to Yarn: Wool was one fiber used in weaving cloth or in knitting a pair of stockings. Look at and handle fleece, card the wool using authentic paddles, then twist the fiber using a drop spindle.

What is It?: In this segment students will look at four different items popular during the colonial period and determine what each is. They will learn how and why these items existed this way, then create a version of one using current supplies and modern day advantages.

Calligraphy: Learn the art of writing as colonists did, using ink and pen, plus attempt using a quill pen! The type of ink used, storage of it, and actually writing with a pen will be tried before students learn the process of sealing envelopes with wax.

Create Herbal Sachet: Herbs played an important part in the lives of colonists as medicines and teas, but also using fragrances for storing linens. Smell lavender, lemon balm, thyme and other dried herbs. Create your own herbal sachet with pre-cut fabric, choose several dried herbs to add before tying off with twine.

4/1, 4/15, 4/22, 4/29

4:15 PM - 5:15 PM

Grade K-4

West District Elementary

Course Fee: \$39
