# MUSICAL THEATRE WORKSHOP

“In Celebration of the American Broadway Musical”

In this 10-session workshop series, students will be immersed in the world of musical theatre. During each class actors will be involved in theatre games, improvisation for the stage, and the process of bringing scripted scenes from the written page to the stage. Students will learn about bringing their unique personalities to a role in a play and will understand what it means to listen, to react, and to stay in character. Early in the workshop series, actors will be cast in scenes that will be rehearsed during each class and performed at the end of the sessions. Scenes and songs may be chosen from such plays as *You're a Good Man, Charlie Brown*, *The Secret Garden*, *Peter Pan*, *The Sound of Music*, and other classics from the stage. Actors will learn theatre terminology and apply it to the work they are doing. The workshop series will culminate with a celebration for friends and families!

*Available to 2-4 graders. There is limited enrollment, so register early! Class on 5/20 and 5/22 will take place at IAR in the auditorium. Final celebration will be held on 5/24 at IAR from 7-8pm.*
