

2019 SUMMER LEARNING ACADEMY

Suzuki String CHAMBER ACADEMY

(students entering gr. 7-12)

Open to students entering grades 7-12 per Teacher Recommendation - Designed for advanced orchestra students, students accepted into this program are placed in chamber music groups and an orchestra and are coached by our staff of professional musicians. Together students will prepare and present their selected chamber music projects in a concert at the end of the academy. They will also direct their creative energies in developing individual art projects under the guidance of a professional artist. Students will explore the comparison of art and music as a means of expressing similar ideas and will be encouraged to draw from other cross-disciplinary interests as they research and develop their projects. Through this program, students will continue to develop as self-directed learners, critical thinkers, communicators and problem solvers. Students should bring a snack and water bottle.
