

PORTER'S LEADS

Summer Programs

Our Summer Programs are designed to provide middle school girls (current 5th through 8th graders) the opportunity to experience Porter's academic, artistic, athletic and residential curriculum and community and learn lifelong leadership skills from the leader in girls' education. Girls thrive in our supportive and collaborative environment where curiosity and confidence are encouraged, and they complete their programs with a greater understanding of all they can accomplish as informed, bold, resourceful, ethical, global citizens.
