

Sponsored by the CT Office of Early Childhood

The advertisement features a background image of a man and a young child walking away from the camera on a path during a sunset. The man is on the left, wearing a dark jacket and jeans, and the child is on the right, wearing a light-colored coat. The sky is a mix of orange, yellow, and blue. In the center, a smartphone displays the Sparkler app interface. The app screen shows the ASQ-3 logo, a circular photo of a child, and the text "Let's see how much Leo has grown!". Below this is a green "Get Started!" button and a link "I'll do it later". At the bottom of the screen, it says "Ages & Stages Questionnaires® Third Edition (ASQ-3)™, Copyright © 2001. © Brookes Publishing Co. With permission of the publisher." To the right of the phone, the text "How's Your Child Doing?" is written in a large, white, sans-serif font. Below this, it says "Download sparkler for free today to check in on the development your 0-5 year old's heart, mind, body, and words with the Ages & Stages Questionnaires® and to find fun ways to learn through play together!". Further down, it says "Learn more: playsparkler.org/connecticut". At the bottom right, there are three logos: "Available on the App Store", "GET IT ON Google Play", and the Connecticut Office of Early Childhood logo. To the right of these is a "2-1-1" logo with "Child Development" written below it.

Get started with Sparkler:

Download: If you have an Android smartphone or tablet, download [Sparkler from the Google Play Store](#). If you use an iPhone or iPad, download [Sparkler from the Apple App Store](#).

Register: Open the app and tap “Create a New Account.” Enter **1-6-0-0** as your provider key. Pick Family/Familia in the “Group” drop-down menu. Answer the questions to create an account for yourself and a profile for your child. You must enter your child’s birthday correctly because Sparkler assigns screenings and other content based on your child’s age. You’ll be asked for a “provider key” to link you with your school/provider. Please skip this step for now!
